Now is the time to pre-qualify for our ATHAU Token Sale.

FOR INDIVIDUALS

Our registration process will be active on our website shortly. In the meantime, we want to ensure you understand what to expect -- we are required by law to verify your identity as part of the purchase process. To do that, you will setup an account and submit captured images of your government-issued ID card (Driver's License, Passport, or ID card) along with a selfie. Our platform will analyze the images to verify your identity.

We will update the FAQ with step-by-step instructions to ensure a smooth process, and you will have a chance to try out part of the identity authentication services we offer.

FOR BUSINESSES

We appreciate your interest in buying ATHAU tokens for your business needs and want to help you pre-qualify before the token sale begins in order to receive a qualifying bonus and the pricing discounts associated with bundled token packages.

As you know, we are required to ensure KYC compliance and recommend that you contact us directly so we can walk you through process.

CONTACT INFORMATION

For the ATHAU token sale, please visit our website at tokens.authenticid.co, send mail to info@authenticid.co or call our corporate or sales offices as listed below:
